Volleyball - Pittsburgh Point Volleyball Club - 20, 21

- * Lebero
- * OVR top 100 teams (ranked 59th of 162) - 21

Personal Message from Kylie DeSalle

I have been playing softball since I was four years old, and travel softball since I was seven. Throughout this time, I have prided myself on being the most versatile utility player possible.

Though I am primarily a catcher, I am also an experienced pitcher, shortstop, and center fielder. I have also trained to hit from both sides of the plate. I play softball because every game brings a new challenge; each game is different, and each team is different. I love the thrill of this game. The diversity in the sport pushes me to adapt and drives me to compete.

I am grateful that I have the privilege to dig my cleats into the dirt and play the sport I love.

My effort, attitude, and perseverance toward my athletics and academics separates me from other players. On the field, I am fueled by my competitive spirit and desire to compete at the highest level. I strive to improve every time I walk onto the field, continually pushing myself to get faster and stronger. My goal is to contribute to my team in a positive way. Whether on the diamond or in the classroom, I approach each situation with a positive attitude. I understand that each outcome may be different, so I am always focused on what the game is trying to teach me.

Every opportunity brings with it a chance to grow as a person and as a player. Since I've been playing, I've learned to stay humble and realized that attitude and effort determine outcomes. Through grit and perseverance, I will achieve my goals. Hard work is at the root of success, and nothing motivates me more.

Multi-sport athlete looking to play softball in college. Mature catcher with advanced skills for her age. Pitchers like her behind the plate because she can call a game and know how and when to calm the pitcher. Excellent disposition with umpires, very courteous and friendly. Umpires like her because she protects them. Very good framing skills and glove work. Blocks well. Quick glove to cover the five hole. Keeps head down, quick side-to-side, turns hips. Knows how to protect bare hand. Good throwing technique. Accurate throws, can put the ball on the bag. Good glove-hand transition, brings ball to ear, keeps elbow up. 1.87 pop time to second base. 1.62 to third base and 1.59 to first base. Quick feet. Good footwork. Also a standout at shortstop. Very quick, smooth, good lateral movement. Good angles, moves through the ball. Very strong backhand. Quick turns on double plays. 51 MPH infield arm with a very quick glove hand transition and release. At the plate, quick bat with a 65 MPH bat speed. Home to first: 3.43 from contact. Home to home: 13.18 from contact. Also plays volleyball, and excels in the classroom as a high honor roll student with a 3.75 GPA.

Ron Vrana, NSR Area Director/Scout, 412-298-6850, rvrana@nsr-inc.com

Scouting Report
