- \* Battle in the Burgh Camp- 21
- \* Buckeye Recruitfest All Star Game- 21
- \* Kent State Camp- 22
- \* Slippery Rock Camp- 22

## Personal Message from Makenna Crothers

Since I was a young girl I have always wanted to play softball at the next level. Now I am at the age where college is within my reach, I want to pursue softball and major in education to become a mathematics teacher.

Softball has not only taught me to become a leader but also a follower. Every team needs a leader just like every classroom needs a teacher. I show leadership by maintaining confidence, focus, and control. I am also a great follower like any good teacher, because I make adjustments, I am patient, and I listen very well. To be a great leader I also need to be a great follower. I also have been told I have great poise and maturity on the mound. I manage to keep calm and focused during bad calls, a bad day, and I don't let anything shake me. Another one of my strongest traits is honesty because, I stay true to myself, admit failure, accept criticism, and I hold myself to a higher standard than most.

Playing softball in college will continue to keep me striving for success, not only on the field but also in the classroom. College will keep me both organized and structured. I am ready for the challenge.

A multi-sport athlete with good size and strength. RHP who also plays 1B and OF. On the mound, throws a fastball that a late break away from a RH batter. Fastball has tight spin and tops out at 56. Consistent at 54. Change is at 38 MPH. Good movement and decent accuracy. Has a drop curve (53 MPH) that has an effective late drop out of the strike zone. Screwball has good inward movement (50 MPH). Also working on a rise. In the outfield, good glove positioning and use of body behind throws. Good glove-hand transition, follows-through on throws and has good accuracy. Moves well through the ball on grounders. Needs to improve footwork and moving through fly balls. Needs to be more aggressive and develop a crow hop. Bating is weakness. Good stance, but too short of a trigger step/no weight transfer. Lower half is weak. Needs to improve head, hands, and making more solid contact with the ball. Too much motion affects power. Also plays volleyball. Straight A student.

Ron Vrana, NSR area director/scout, 412-298-6850, rvana@nsr-inc.com

Scouting Report

NSR Scout, Ron Vrana / rvana@nsr-inc.com / 412-298-6850 cell
